HSE Officer (all genders) (fulltime/ 38.5 hrs)

As our HSE Officer, you are responsible for ensuring that our employees as well as customers, partners and contractors work in a safe environment. You will ensure this by maintaining and continuously developing the company's health and safety structures, processes and measures. The position will primarily be based at our headquarters in Austria, but you will work in an international context.

Your responsibilities:

- You lead all efforts to continuously review and enhance health and safety issues
- You generate, promote and implement health and safety programs, policies and procedures, including management systems
- You evaluate and develop measures to assure personnel safety in our production facilities, warehouses, project sites and offices
- You manage training courses and instructions in the HSE area
- You conduct internal audits and supplier audits

Your profile:

- University degree or technical qualification in the field of Engineering (mechanical, electrical or civil)
- Minimum of 5-7 years of professional experience in an engineering or operational role preferably at power industry or suitable industrial or construction environments
- Ability to work in a dynamic environment and manage competing priorities
- A motivated self-starter who can work with little direct supervision and is able of working in a dynamic fast paced environment
- Excellent oral and written communication in German and English, this position may require travel upon business demand.

Our offer:

- We offer an exciting work environment in an international fast-growing technology start-up. Our company is located in the south of Vienna with good infrastructure. We offer our employees an exciting working environment, flexible working hours and development opportunities in a high-growth sector.
- For this position, a market-compliant minimum annual gross salary of € 65.000,00 full-time. Depending on professional qualifications and experience, overpayment is possible.
